Ring Power Corp., one of the largest Caterpillar equipment dealers in the Southeast United States, is expanding and renovating its Riverview location.

Construction will begin later this month on a 130,500-square-foot service center and a 14,500-square-foot office, a statement released Wednesday said. A 22,000-square-foot building with booths for painting and sandblasting is also being built.

The work is being done by Stellar, a design, engineering, construction and mechanical services firm based in Jacksonville. It expects to complete those additions and other renovations by fall 2009.

Ring Power, based in St. Augustine, was founded in 1962.
